

Please have a look at the 'red' words below over half term. Remember, you can't sound out red words, the children 'just have to know them'. This takes lots of repetition. Please do not just learn the list as children will be able to recite the words in order but will not be able to recognise them in a story. A 'red word' treasure hunt can be fun! Hide red words around the house, see if you can find and read them all! Don't worry if your child struggles. These are our words for the END of the Reception year, so just do as many as you can!
